

Leading the Industry We Invented, **Again.**

Introducing the New **Universal Tank Wet Well***

With an innovative, robust structural design, E/One's Universal Tank Wet Well* sets the new standard for pressure sewer installations.

Details

- ▶ Standard for all DH07I and WHI0I tanks
- ▶ Injection molded HDPE, patent pending design
- ▶ Replaces corrugated wet well

Features

- ▶ Robust structural design
- ▶ Capable of deep burial (up to 160"/ 4.064m)
- ▶ Identical operating/storage volumes

Benefits

- ▶ **Concrete ballast not required**
- ▶ Reduces cost of installation by as much as \$400 per tank
- ▶ Reduces environmental impact of concrete

Available Early 2024

Environment One not only created the grinder pump category, but consistently leads the industry both in system deployment and innovation. E/One remains dedicated to total quality, continuous improvement and extreme customer satisfaction.
